

# WINE LIST

*Be Daring – Try something new!*

This wine menu is designed to complement your Spirit House dining experience. An eclectic collection sourced from around the world, these wines have been especially selected to marry well with the bold flavours of South East Asian cuisine.

When choosing your wine, the focus should be on “BALANCE”. In Asian cuisine, the heat of chilli and pepper is balanced with sweetness. So wines that are ‘off dry’ and contain some residual sugar are a perfect match for spicier menu items. Similarly, chefs usually balance strong salty dishes with acid, like lime or tamarind, so wines with citrus overtones make a very appropriate match to these dishes.

By all means enjoy your familiar dry whites or full bodied reds - a wide selection is included. Ask your waiter to recommend wines to match your menu selections. We encourage you to be adventurous - and be pleasantly surprised.

**NOTE:**

Wines by the glass are 1.5 standard drinks or 150 ml and vintages may change.
